

Occupational Health & Safety Services Questions and Answers - Health Screening Process

1. **Q** – Where can I go to obtain documentation of my previous immunization, Tb testing & serology?

A - Family doctor, medical school records, student health services, public health unit where you attended school, Occupational Health & Safety Services at the hospital where you are a current affiliate.

Health documentation may include:

- Vaccination records from yellow immunization cards;
- Notes from physician's offices
- Immigration records
- Public Health Unit Records
- Electronic immunization records (provided they are signed by a physician or nurse)
- Laboratory testing (titres)
- Student Health Records

2. **Q** – Should I complete all my health screening requirements prior to the commencement of my primary appointment or start date?

A – It depends on your hospital position, see below for specific information.

Encouraged: to complete all health requirements prior to your start date.

- Resident
- Clinical Fellows
- Professional Staff

MUST: complete all health requirements prior to start date.

- Visiting Elective

3. **Q** – Where can I get my immunization updated and/or TB skin testing done? ahead of time, or before my start date?

A – Family doctor, medical school records, student health services, public health unit where you attended school, Occupational Health & Safety Services at the hospital where you are a current affiliate.

4. **Q** – Where do I go if I require help in completing my health screen requirements?

A – Depends on your position and start date. See below for additional information.

Residents & Visiting Electives:

- As a primary rule, for communicating to medical affairs, about whether or not your screening requirements have been met, all residents and visiting electives are cleared by the Occupational Health Nurse (OHN) at University Hospital. However; for the sake of convenience, you may be directed to complete testing or immunization at another site. This will be coordinated by the Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca
- Residents with a start date that is not July 1 are directed to contact Occupational Health and Safety Services, Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca

Clinical Fellows:

LHSC

- As a primary rule, for communicating to medical affairs about whether or not your screening requirements have been met, all clinical fellows are cleared by the Occupational Health Nurse (OHN) at University Hospital. However; for the sake of convenience, you may be directed to complete testing or immunization at another site. This will be coordinated by the Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca
- Clinical Fellows with a start date of July 1 are directed to contact Occupational Health and Safety Services, Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca
- Clinical Fellows with a start date that is not July 1 are directed to contact Occupational Health and Safety Services, Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca

SJHC

- SJHC Clinical Fellows with a start date that is not July 1 are directed to go to or contact Occupational Health at St. Joseph's Hospital. See SJHC contact information.

Professional Staff:

- LHSC Professional Staff are directed to contact Occupational Health and Safety Services, Team Assistant at South St Annex. Email: OHSSAppointmentsSSH@lhsc.on.ca
- SJHC Professional Staff are directed to go to/contact Occupational Health at St. Joseph's Hospital. See contact information below.

5. **Q** – Where should I send my completed Citywide Health screen Form & documentation?
- A** – This depends on your position and the location of your primary appointment.
- **LHSC**, submit the City Wide Health Screen Form and ALL supporting documentation by fax, email or general mail To South Street Annex. (See below for contact information).
 - **SJHC**, for professional staff and clinical fellows submit the City Wide Health Screen Form and ALL supporting documentation by fax, email or general mail to St. Joseph’s Hospital (See below for contact information).
6. **Q** – I have had a positive TB skin test in the past. Is there anything more I need to provide in this regard?
- A** – Please refer to the TB skin test section on the *CITY WIDE HEALTH SCREEN FORM*.
7. **Q** - If I had BCG as a child or infant, and never been TB skin tested, should I have a TB test?
- A** – Yes, the protective effects of BCG varies from 0-80% and effects will diminish over time.
8. **Q** - I had a chest X-ray done for immigration purposes and there was no problem. Do I have to have another chest X-Ray?
- A** – Yes, if you are positive TB skin test reactor and cannot provide written proof of a chest x-ray done anywhere in the last 12 months.
10. **Q** – What is N95Fit Testing?
- A** – Anyone with a requirement to wear an N95 respirator, due to their job duties, must complete a Fit Test, prior to wearing/using the N95 respirator as mandated by the Ministry of Health and Long Term Care.
